

What You Need to Do Now

We're working to make sure the transition to your new Greater Southern MLS Matrix system is as smooth as possible. Even so, you will need to take a few steps before you log in to your new system.

- **Know where to login**

If you're currently logging in through your Association of REALTORS®' website, the place you go to login to your MLS will change on 2/23. Simply go to <https://greatersouthernmls.com/> and click on the MLS LOGIN button in the top-right corner.

- **Be prepared with a new password**

On day one, you'll be able to login with the same MLS ID and password you've always used. However, you will need to create a new password after you login for the first time. For security reasons, the new password cannot be the same as your current password.

- **Review your contacts**

It's possible that, on day one, not all your client contact information will come over correctly. Be sure to review your contacts and export them, if necessary.

- **Get informed**

Read over the Greater Southern MLS Resource Center in as much detail as you have time for. In addition, we encourage you to sign up for a live online webinar [via our Education page](#).

- **Know where to go for help**

While we'll work to get everyone as informed as possible, a new system can take some time to learn. For immediate assistance, check out [our Support page](#) or give us a call at (877) 760-0173.
