

# Your MLS Dashboard

Welcome to your member dashboard, available to you at no additional cost through Greater Southern MLS. Your new dashboard organizes everything you need for your real estate business in one place. From here, you can securely access your MLS and see your available product solutions – both the familiar favorites and the new opportunities.

New products available to you on 2/23 include:

New products available to you on 2/23 include:

## Marketing

**Cloud CMA** - Visually appealing, data-rich CMAs, flyers, and buyer tours. Don't just tell your clients what you know – show them.

**ePropertyWatch** - Keep in touch with past clients with email reports on their homes. Give them the real estate info they want, keeping your name fresh in their minds.

**InfoSparks Market Statistics** - Translates market data into graphs and charts for your clients. Turning data into comprehensive visuals has never been so easy.

## Multipurpose

**Realtors Property Resource® (RPR)™** - Create client reports with MLS and ancillary data from all 50 states. A powerful resource with an incomparably rich database.

## Mobile App

**Homesnap Pro** – MLS Search app with fair display guidelines – your listing, your lead. Just 'snap' a photo to find property info – even if the property is unlisted!
